

# TWEEN ZONE

## Parallelogram

for Star / Octagon

### Step 1

Start with a square piece of paper.

### Step 2

Fold lengthwise  
(like a hot dog bun).

### Step 3

Open up and flip over.

### Step 4

Fold lengthwise again.

### Step 5

Fold the top right corner  
down.

### Step 6

Open up and flip over.

### Step 7

Fold the top left corner down.

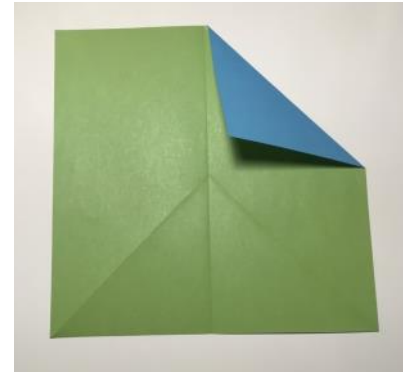

### Step 8

Open up and turn.

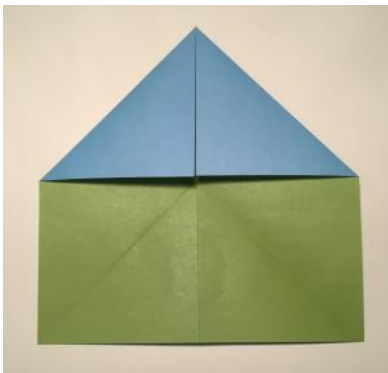

### Step 9

Fold top right corner down to the middle of the square.

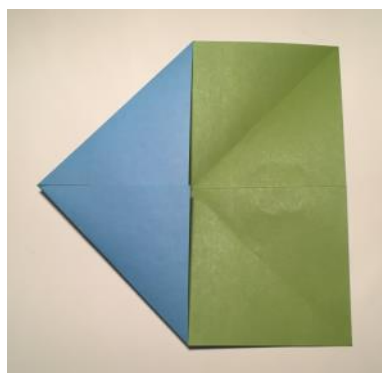

### Step 10

Fold top left corner down to the middle of the square.

### Step 11

Turn.

### Step 12

Fold lengthwise.

### Step 13

Open up and push down on the back part of the paper.

### Step 14

Keep pushing until it makes a parallelogram.
